AYER HANGAT VILLAGE BERWAJAH BAHARU MENGEMBALIKAN KEGEMILANGAN INDUSTRI PELANCONGAN LANGKAWI

AYER HANGAT VILLAGE RETURNS WITH NEW LOOK AND UPGRADES

2 April, Ayer Hangat Village – Ayer Hangat Village (AHV) berwajah baharu merupakan satu inisiatif yang telah diperkenalkan di bawah Pelan Hala Tuju Ekonomi Langkawi (HELANG). Inisiatif yang diperkenalkan ini adalah bertepatan dengan strategi Penjenamaan Semula Langkawi Sebagai Destinasi Pelancongan Yang Selamat, Bersih dan Lestari. Fokus utama strategi ini adalah untuk memperkasakan identiti budaya dan seni di Langkawi (Cultural DNA) serta menerapkan budaya amalan hijau dan bersih dalam kalangan komuniti setempat.

LADA bersama syarikat DXN Agrotech Sdn. Bhd. telah menjalinkan kerjasama bagi penjenamaan semula produk pelancongan di AHV. Hasilnya telah berjaya mentransformasikan AHV dengan identiti dan pengisian yang lebih menarik untuk diperkenalkan kepada pelancong, iaitu:

- Kolam Air Panas Masin Semula Jadi (Natural Saltwater Hot Spring).**
Kolam sebegini hanya boleh didapati di tiga lokasi di seluruh dunia iaitu di Pulau Langkawi (Malaysia), Kyushu (Jepun) dan Zhaori (Taiwan);
- Pertunjukan dan Persembahan Kebudayaan serta Kesenian Tradisional Melayu Lama.**

Produk ini melibatkan elemen kehidupan masyarakat Melayu dalam memartabatkan bangsa tersebut di mata dunia. Persembahan secara langsung dimulakan dengan gimik upacara perkahwinan, melenggang perut bagi wanita hamil, mencukur jambul, majlis berkhatan bagi kanak-kanak lelaki dan majlis persandingan bagi pasangan Raja Sehari; dan

- Produk pelancongan baru berasaskan ekopelancongan – Kampung Cendawan dan Kolam Ternakan Lobster Air Tawar.**

Pengunjung boleh menimba pengalaman dan melihat cara penanaman cendawan serta penternakan udang kara (lobster) sehingga proses penuaian dilaksanakan. Selain itu, produk-produk hiliran ini juga ada dihidangkan secara segar di AHV.

LADA yakin strategi serta tindakan yang telah dirancang dan dilancarkan pada kali ini bukan sahaja mampu mengembalikan pendapatan pelancongan di Langkawi, malah dapat memberikan manfaat dan limpahan ekonomi kepada masyarakat serta industri pelancongan. Penglibatan semua agensi kerajaan, pihak swasta, pemain industri, NGO dan komuniti setempat adalah tunjang utama bagi menghidupkan semula ekonomi pulau ini.

2nd April, Ayer Hangat Village – The all-new Ayer Hangat Village (AHV) introduction is one of the various initiatives lined up under Langkawi Economy Roadmap Plan (HELANG). It is pursuant to the strategy of Rebranding Langkawi as a Safe, Clean, and Sustainable Tourism Destination. The focus of this strategy is to consolidate the exclusive Cultural DNA (arts and culture) of Langkawi as well as to inculcate the local community with green and clean practices.

Therefore, LADA and DXN Agrotech Sdn. Bhd. have established a collaboration in rebranding AHV's tourism products. The outcome was a fresh transformation of this tourist attraction, as it returns with better appeal of identity and products introduced to tourists which include:

- Natural Saltwater Hot Spring.**
This hot spring can be found in only three locations worldwide, namely Langkawi Island (Malaysia), Kyushu (Japan) and Zhaori (Taiwan);
- Ancient Malay Traditional Culture and Arts Showcase and Performance.**
This product involves elements of Malay community lifestyle that can be introduced to elevate the prestige of the whole nation at world level. Live performance begins with gimmicks

of wedding ceremony, traditional rites such as melenggang perut (practice of massaging a pregnant woman's stomach) and mencukur jambul (ceremony for a new-born's very first haircut), along with traditional ceremonies such as majlis berkhatan (circumcision ceremony for little boys) as well as majlis persandingan (sitting-in-state ceremony for newlywed couples); and

- New Ecotourism-based Products – Mushroom Village and Freshwater Lobster Breeding Ponds.**

Visitors could learn and observe the methods of planting mushrooms and breeding lobsters as well as the processes of harvesting both products. The mushrooms and lobsters are also readily available and freshly served in AHV.

LADA is convinced that the planned and launched action this time is not only capable in returning Langkawi's tourism income, but also beneficial and economically rewarding for the locals as well as the whole tourism industry. Involvement of all government agencies, private sector, industry players, NGOs, and local community is the main pillar of this island's economic revival.

PROGRAM JELAJAH RAMADHAN DENGAN KERJASAMA RTM LANGKAWI 2021

5 April 2021, Langkawi – LADA sentiasa bersedia untuk menjalin kerjasama dengan mana-mana agensi atau pertubuhan demi menyejahterakan masyarakat Langkawi melalui elemen pembangunan kerohanian. Berteraskan semangat tersebut, LADA sekali lagi telah berganding bahu dengan RTM Langkawi, Pusat Khidmat ADUN Ayer Hangat, Langkawi Tourism Academy, Pertubuhan Kebajikan Serantau Muslim (NGO) dan Jawatankuasa Masjid Istiqamah, Kuala Teriang untuk mengadakan Program Jelajah Ramadhan Langkawi 2021.

Program ini dilaksanakan bagi menyantuni dan berkongsi rezeki dengan golongan asnaf di sekitar Langkawi. Sumbangan berbentuk wang tunai dan barangan keperluan yang setiapnya bernilai RM 150.00 telah disalurkan kepada 20 buah keluarga. Secara keseluruhan, LADA menyumbang sebanyak RM 2,000.00 kepada semua keluarga yang terlibat.

Program ini juga diserikan dengan aktiviti edaran sumbangan biskut raya kepada petugas barisan hadapan di beberapa lokasi terpilih di sekitar Langkawi. Selain itu, semua agensi serta masjid

yang terlibat turut melaksanakan gotong-royong penyediaan bubur lambuk untuk diedarkan kepada komuniti setempat.

Program ini kemudiannya disusuli dengan solat berjemaah dan majlis berbuka puasa di Masjid Istiqamah, Kuala Teriang yang dilaksanakan dengan mematuhi SOP yang telah ditetapkan oleh kerajaan.

JELAJAH RAMADHAN 2021 PROGRAMME IN COLLABORATION WITH LANGKAWI RTM

5th April 2021, Langkawi – LADA is always prepared to collaborate with any agencies or organisations for the well-being of Langkawi community through spiritual development module. With such sentiment, LADA had once again worked hand in hand with RTM Langkawi, Ayer Hangat State Legislative Assembly Representative (ADUN) Service Centre, Langkawi Tourism Academy, Serantau Muslim Welfare Organisation (NGO), and Al-Istiqamah Mosque Committee, Kuala Teriang in conducting Jelajah Ramadhan Langkawi 2021 Programme.

The programme was carried out to support and share alms with asnaf (aid recipients) around Langkawi. Contributions in the forms of cash and daily necessities worth RM 150.00 for each of the 20 families involved were delivered during this event, amounting to a total donation of RM 2,000.00.

This programme was also enlivened with the distribution of Raya cookies to frontliners at a few selected locations in Langkawi. In addition, all participating agencies and the mosque also conducted a gotong-royong (communal work) of

bubur lambuk (a type of porridge often prepared during Ramadhan) preparation to be distributed to local community.

The programme later continued with congregational prayer and breaking fast ceremony at Masjid Istiqamah, Kuala Teriang, which were held in full compliance with the SOPs established by the government.

11 April, Kompleks LADA – Teknologi retort merupakan kaedah terkini dalam pembungkusan makanan. Penggunaan *retort pouch* dapat menjamin mutu dan kesegaran makanan serta memastikan ia tidak tercemar dengan bakteria. Aplikasi teknologi ini mampu melanjutkan tempoh hayat makanan sehingga dua (2) tahun. Lebih menarik, kaedah ini juga tidak memerlukan sebarang bahan pengawet.

Menyedari hakikat ini, Bahagian Pelaburan dan Pemudah Cara Perniagaan dengan kerjasama Syarikat Haliza Industries Sdn. Bhd. telah menganjurkan Kursus Aplikasi Teknologi Retort di Dewan Besar LADA untuk memperkenalkan teknologi ini kepada usahawan dan pengusaha kecil makanan di Langkawi. Kursus ini telah berjaya menarik penyertaan seramai 34 orang individu daripada kumpulan sasaran tersebut.

Kursus ini dianjurkan untuk memberi pendedahan dan meningkatkan pengetahuan peserta berkaitan asas-asas pemprosesan serta pembungkusan makanan dan minuman menggunakan teknologi retort. Selain daripada itu, peserta juga diberi pendedahan kepada

kaedah pembungkusan makanan yang boleh diaplikasikan mengikut kesesuaian produk masing-masing.

Penganjuran kursus ini juga merupakan sebahagian daripada inisiatif Projek Ekonomi Baru di bawah Pelan Hala Tuju Langkawi (HELANG) yang telah dilancarkan pada 31 Mei 2020.

11th April, LADA Complex – Retort technology is recently the cutting-edge method utilised in food packaging. The use of retort pouch guarantees the quality and freshness of food as well as prevents bacterial contamination. Its application can extend the shelf life of food up until two (2) years. Most interestingly, the method also does not require any use of preservatives.

Realising this benefit, the Investment and Business Facilitation Division in collaboration with Haliza Industries Sdn. Bhd. company had organised Retort Technology Application Course at LADA Main Hall to introduce such invention to food entrepreneurs and petty traders in Langkawi. It had successfully garnered a total participation of 34 individuals from the targeted groups.

The course aimed to provide exposure to participants and improve their understanding on the basics of food and beverage processing and packaging using retort technology. Besides that, the participants were also given a close look at food packaging method that can be applied on their products, therefore helping the entrepreneurs and petty traders to generate high

quality, safe, and competitive foodstuffs.

The course was also organised as part of the New Economic Project initiatives under Langkawi Economy Roadmap Plan (HELANG) launched on 31st May 2020.

PROGRAM PERTUKARAN MAKLUMAT SECARA MAYA PUPUK PERSEFAHAMAN BERSAMA

VIRTUAL EXCHANGE PROGRAMME CULTIVATES BILATERAL UNDERSTANDING

22 April, Langkawi – Program pertukaran maklumat ialah inisiatif yang baik ke arah memupuk persefahaman kebudayaan antara masyarakat berlainan bangsa dan agama dari pelbagai negara. Berdasarkan prinsip tersebut, LADA melalui Seksyen Geopark dan Kelestarian, Bahagian Pelancongan telah menganjurkan program pertukaran maklumat antara pelajar secara maya yang dinamakan Langkawi – Muroto School Demonstrating Resilience during COVID-19 Era bersempena sambutan Minggu Asia Pacific Geoparks Network (APGN) 2021.

Program ini telah disertai oleh 49 orang wakil yang terdiri daripada kumpulan pelajar dan guru dari dua buah negara. SMK Mahsuri dan SMK Tunku Putra, Langkawi telah mewakili Malaysia, manakala Jepun telah diwakili oleh Muroto High School.

Program ini merupakan platform yang bermanfaat bagi pembelajaran dan pertukaran maklumat berkaitan keunikan dan kaedah pengurusan geopark. Golongan belia khususnya pelajar juga dapat melibatkan diri dalam memperkasakan pengurusan geopark di negara

masing-masing. Selain itu, program ini juga berpotensi melahirkan generasi pelapis yang lebih berkemampuan dalam menghuraikan cadangan tindakan dan menyumbang kepada pembangunan kerangka strategi UNESCO Global Geoparks. Ia juga diharap dapat mendedahkan golongan belia yang terlibat kepada pengetahuan tentang cara menangani perlindungan warisan, pelan mitigasi mara bahaya terhadap khazanah semula jadi, perubahan iklim dan pembangunan lestari.

Turut hadir semasa program ini ialah YBhg. Prof. Emeritus Dato' Dr. Ibrahim Komoo, Naib Presiden Global Geoparks Network Association (GGNA) dan YBrs. Tuan Haji Rohaizad bin Rashid, Timbalan Ketua Pegawai Eksekutif (Pengurusan) LADA.

22nd April, Langkawi – An information exchange programme is a great initiative in cultivating mutual cultural understanding among communities of different racial and religious backgrounds. Based on this significance, LADA via Geopark and Sustainability Section from Tourism Division had organised a virtual exchange programme involving students, namely the 'Langkawi – Muroto School Demonstrating Resilience during COVID-19 Era' in conjunction with the celebration of Asia Pacific

This programme was participated by 49 student and teacher representatives from two countries. SMK Mahsuri and SMK Tunku Putra, Langkawi had been selected as representatives for Malaysia, whereas Muroto High School was the sole representative for Japan.

The virtual exchange session was a crucial platform for the learning and exchange of information related to the exclusivity and method of geopark management. It also allowed youth participation particularly students in fortifying geopark management of the two respective countries. Accordingly, this would also help bring

forth a future generation who are more adept at defining necessary actions as well as contributing ideas for the development of UNESCO Global Geoparks strategic plan. It is also hoped that the programme could expose the youths to knowledge regarding methods of handling heritage protection, mitigation plan on dangers posed to natural treasures, climate change, and sustainable development.

22 April 2021, Langkawi - “Menyantuni komuniti dan asnaf, itulah hasrat kami pada Ramadhan yang mulia ini.”

Kata YBr. Tuan Haji Rohaizad bin Rashid, Timbalan Ketua Pegawai Eksekutif LADA semasa menghadiri Program Jelajah Ramadhan 2021 di Masjid Jamek Kampung Kok, Langkawi. Majlis ini dianjurkan dengan kerjasama anak syarikat LADA iaitu Panorama Langkawi Sdn. Bhd. serta Jawatankuasa Masjid dan kariah di kawasan tersebut. Seramai 30 orang penerima asnaf telah menerima sumbangan berbentuk wang tunai dan juga barangan keperluan asas yang telah disampaikan oleh Timbalan Ketua Pegawai Eksekutif LADA dan Ketua Pegawai Operasi PLSB.

Semoga sumbangan ini dapat meringankan beban penerima seterusnya mengeratkan lagi silaturrahim antara LADA, anak syarikat dan komuniti Langkawi.

#KitaJagaLangkawi
#KomunitiSejahtera
#DemiLangkawi

22nd April 2021, Langkawi – “Supporting the community and asnaf is our main intention during this blessed month of Ramadhan.”

Such was quoted from YBr. Tuan Haji Rohaizad bin Rashid, LADA Deputy Chief Executive Officer during the Jelajah Ramadhan 2021 Programme at Masjid Jamek Kampung Kok, Langkawi. This event was co-organised by Panorama Langkawi Sdn. Bhd., a LADA subsidiary along with the area’s Mosque and Parish Committee. 30 asnaf (aid recipients) were given contributions in the form of cash and daily necessities delivered by LADA Deputy CEO and PLSB Chief Operating Officer (COO).

May the contributions delivered help relieve the burden of all recipients, therefore strengthening

the relationship between LADA, PLSB, and Langkawi community.

BUAL BICARA PEMBENTUKAN BUMI DARI PERSPEKTIF AGAMA DAN SAINS

26 April, Kompleks LADA – Bersempena sambutan 2nd Asia Pacific Geopark Network (APGN) Week, Program Bual Bicara Pembentukan Bumi dari Perspektif Agama dan Sains telah diadakan di Auditorium LADA. Program ini bermatlamatkan perkongsian ilmu berkaitan pembentukan bumi dari perspektif Islam berdasarkan Al-Quran dan sains.

Program anjuran Bahagian Pelancongan ini telah berjaya menarik penglibatan seramai 120 orang peserta daripada kalangan kakitangan LADA serta agensi di sekitar Langkawi. Turut hadir adalah ahli-ahli Geopark ICON yang terdiri daripada pemain industri pelancongan, guru-guru dan wakil-wakil NGO di Langkawi.

Perkongsian ilmu ini telah diterajui oleh moderator En. Mazlan bin Md Isa dan telah disampaikan oleh Cik Rasanubari Asmah Rahmah (LUGGp Resident Geologist) serta Ustaz Suhaimi bin Shuib (penceramah bebas). Perkongsian menarik yang diutarakan adalah berkaitan teori pembentukan bumi yang bukan sahaja dibincangkan dalam dunia sains malah juga dalam Al-Quran. Melalui surah-surah

seperti Al-Baqarah (2:117), Al-Furqan (25:59) dan As-Sajdah (32:4), pembaca dapat memahami proses pembentukan bumi yang diceritakan dengan jelas.

Bahagian Pelancongan akan terus mengadakan program-program perkongsian ilmu bagi meningkatkan penghayatan mengenai kejadian bumi dari sudut agama dan sains serta memupuk kesedaran dalam kalangan peserta akan kepentingan menjaga khazanah alam yang tiada nilai tandingnya.

TALK EVENT: FORMATION OF EARTH FROM PERSPECTIVES OF ISLAM AND SCIENCE

26th April, LADA Complex – In conjunction with the 2nd Asia Pacific Geopark Network (APGN) Week celebration, a talk event entitled “Formation of Earth from Perspectives of Islam and Science” had been organised in LADA Auditorium. This programme was held as a knowledge sharing platform, discussing the formation of earth from both perspectives of Islam based on Al-Quran as well as science.

The program organised by Tourism Division had succeeded in gathering 120 participants involving employees of LADA itself and other agencies around Langkawi. Also present were members of Geopark ICON comprising tourism industry players, teachers, and representatives of NGOs on this island.

The knowledge sharing session was moderated by En. Mazlan bin Md Isa with delivery by Cik Rasanubari Asmah Rahmah (LUGGp Resident Geologist) and Ustaz Suhaimi bin Shuib (freelance preacher). The thought-provoking sharing focused on the theory of earth formation, which is not only discussed in scientific domain, but also in Al-Quran. From the surahs (chapters

of Al-Quran) such as Al-Baqarah (2:117), Al-Furqan (25:59), and As-Sajdah (32:4), readers could understand the earth formation process that has been clearly explained in the holy scripture of Islam.

Tourism Division will thus continue its effort in organising knowledge sharing programmes like this to enhance every participant's understanding on the phenomenon of earth creation from religious and scientific perspectives. Such programme is also necessary to instil awareness regarding the importance of caring for the indispensable treasures of the whole universe.

29 April 2021, Langkawi – Lembaga Pembangunan Langkawi (LADA) dengan kerjasama Langsura Geopark Sdn. Bhd. menganjurkan Program Jelajah Ramadan 2021 (Siri 2) di Masjid Raudhatul Khudra, Pasir Hitam.

Objektif program ini adalah untuk menyantuni dan berkongsi rezeki dengan golongan asnaf di sekitar Langkawi. Sebanyak 30 buah keluarga telah dikenal pasti oleh jawatankuasa masjid untuk menerima sumbangan berbentuk wang tunai bernilai RM100.00 dan barangan keperluan bernilai RM50.00 bagi setiap keluarga yang mana sumbangan ini disampaikan oleh Tuan Haji Rohaizad Bin Rashid, Timbalan Ketua Pegawai Eksekutif LADA dan Encik Ahmad Adam bin Ahmad Fuaad, Pengurus Besar, Langsura Geopark Sdn. Bhd. Majlis turut diserikan dengan kehadiran YB Tuan Haji Juhari Bulat, ADUN Air Hangat merangkap Speaker Dewan Undangan Negeri.

Selain daripada itu, pihak LADA turut menyumbangkan peruntukan sebanyak RM4,000.00 bagi menganjurkan program terbuka

puasa di masjid ini. Sumbangan ini disalurkan dengan kaedah turun padang bagi mengeratkan ukhwah antara LADA, anak syarikat LADA bersama komuniti setempat.

Pihak LADA akan terus berusaha mempelbagaikan inisiatif bagi membantu komuniti Langkawi dari sudut sosio ekonomi melalui program Tanggungjawab Sosial Korporat (CSR) dan pembangunan komuniti demi kesejahteraan masyarakat Langkawi.

29th April 2021, Langkawi – Langkawi Development Authority (LADA) in collaboration with Langsura Geopark Sdn. Bhd. had organised Jelajah Ramadhan 2021 (2nd Leg) at Masjid Raudhatul Khudra, Pasir Hitam.

The programme aimed at supporting and sharing alms with asnaf (aid recipients) around Langkawi. A total of 30 families had been identified by the Mosque Committee to each receive contributions of RM 100.00 cash and daily necessities worth RM 50.00. Delivering the donation was Tuan Haji Rohaizad bin Rashid, LADA Deputy Chief Executive Officer (Management) and Encik Ahmad Adam bin Ahmad Fuaad, Langsura Geopark Sdn. Bhd. General Manager. Also attending was YB Tuan Haji Juhari Bulat, Ayer Hangat State Legislative Assembly Representative (ADUN) cum State Legislative Assembly Speaker.

Besides that, LADA also delivered RM 4,000.00 allocation for iftar (breaking fast) programme organising at this mosque. This donation given by meeting the community on-site is therefore hoped to be able to strengthen the bond between

LADA, its subsidiaries, and the locals.

LADA will continue to diversify initiatives in helping Langkawi community's socioeconomic state through Corporate Social Responsibility (CSR) and community development programmes for the locals' well-being.

4 Mei 2021, Langkawi – Lembaga Pembangunan Langkawi (LADA) dengan kerjasama Langkawi Port Sdn. Bhd. menganjurkan Program Jelajah Ramadan 2021 (Siri 3) di Masjid Al-Qadim, Kuah.

Objektif program ini adalah untuk menyantuni dan berkongsi rezeki dengan golongan asnaf di sekitar Langkawi. Sebanyak 30 buah keluarga telah dikenal pasti oleh jawatankuasa masjid untuk menerima sumbangan berbentuk wang tunai bernilai RM50.00 dan barangan keperluan bernilai RM50.00 bagi setiap keluarga yang mana sumbangan ini disampaikan oleh Tuan Hj. Mohamad Nasir Bin Abd. Aziz, Pengurus Besar Langkawi Port Sdn. Bhd.

Selain daripada itu, pihak LADA turut menyumbangkan peruntukan sebanyak RM4,000.00 kepada masjid bagi penyediaan juadah berbuka puasa dan moreh (secara bungkusan) kepada kariah ini. Sumbangan ini disalurkan dengan kaedah turun padang bagi mengeratkan ukhwah antara LADA, anak syarikat LADA bersama komuniti setempat.

SEMANGAT KE ARAH IMUNITI BERKELOMPOK, SUKARELAN LADA SEDIA MEMBANTU KOMUNITI

8 Jun, Kompleks Sukan Langkawi – Sukarelawan Lembaga Pembangunan Langkawi (LADA) telah mula bertugas di Pusat Pemberian Vaksin (PPV), Kompleks Sukan Langkawi (KSL) pada hari ini. Usaha ini adalah sejajar dengan seruan YAB Perdana Menteri Malaysia, Tan Sri Muhyiddin Yassin yang berhasrat melihat lebih ramai rakyat Malaysia tampil sebagai sukarelawan untuk membantu melancarkan proses pemberian vaksin kepada masyarakat.

Sukarelawan LADA yang terdiri daripada 30 kakitangan jabatan ini turun padang secara berfasa bagi membantu petugas Pejabat Kesihatan Daerah (PKD) Langkawi, Kementerian Kesihatan Malaysia (KKM) dalam menjayakan Program Imunisasi COVID-19 Kebangsaan di Dewan Badminton KSL yang dijadikan sebagai PPV Langkawi.

Dalam tempoh ini, peranan sukarelawan LADA lebih tertumpu kepada membantu komuniti Langkawi yang terdiri daripada warga emas. Sukarelawan LADA turut mengendalikan urusan kemudahan pengangkutan bagi penerima vaksin yang mempunyai kesukaran untuk hadir ke PPV

selain mempermudah urusan sepanjang proses pemberian vaksin oleh PKD Langkawi. Selain sukarelawan yang bertugas, LADA turut menyediakan satu (1) unit kenderaan bagi kegunaan penerima vaksin.

Semoga usaha kecil ini dapat meringankan beban dan membantu menyumbang kepada kejayaan bagi mencapai sebuah imuniti kelompok di Pulau Langkawi.

TOWARDS HERD IMMUNITY—LADA VOLUNTEERS ARE PREPARED TO ASSIST THE COMMUNITY

8th June, Langkawi Sports Complex – Volunteers from Langkawi Development Authority (LADA) had begun their duties today at Vaccination Centre (PPV), Langkawi Sports Complex (KSL). This effort goes in line with the Malaysian Prime Minister Tan Sri Muhyiddin Yassin's call which encourages more citizens of this country to step forward as volunteers to assist the process of vaccination for the community.

LADA volunteers comprising 30 employees from the department are tending on-site in phases to assist Langkawi District Health Office (PKD) and Malaysian Ministry of Health (MOH) in running the National COVID-19 Immunisation Programme at KSL Badminton Hall. The centre has recently been turned into a PPV for Langkawi.

Throughout this vaccination period, the role of LADA volunteers is more focused on helping Langkawi community particularly senior citizens. LADA volunteers are also handling transportation for vaccine receivers who encounter difficulties in attending their respective vaccination sessions at the PPV. The group also helps with other matters during the vaccination process by Langkawi

PKD. Other than providing volunteers, LADA also prepares one (1) unit of transport to be used for commuting vaccine receivers.

May all these efforts help alleviate the burdens shouldered by Langkawi community, therefore consequently contributing towards the success of herd immunity achievement in Langkawi, somewhere soon.

BAKUL PRIHATIN CSR LADA BANTU GOLONGAN TERKESAN PANDEMIK COVID-19

LADA CSR BAKUL PRIHATIN SUPPORTS COMMUNITIES AFFECTED BY COVID-19 PANDEMIC

17 Jun Langkawi – Lembaga Pembangunan Langkawi (LADA) telah menyampaikan Sumbangan Makanan Asas Kepada Komuniti Langkawi yang terkesan sepanjang pandemik COVID-19. Sumbangan ini merupakan salah satu Tanggungjawab Sosial Korporat (CSR) LADA kepada komuniti Langkawi bagi mendepani kesukaran hidup sepanjang tempoh Perintah Kawalan Pergerakan 3.0 diumumkan oleh Kerajaan. Misi penyampaian sumbangan ini telah diketuai oleh YBrs. Tuan Nasaruddin bin Abdul Muttalib, Ketua Pegawai Eksekutif LADA bersama YBrs. Tuan Rohaizad Rashid, Timbalan Ketua Pegawai Eksekutif (Pengurusan) dan pegawai dari Unit Khidmat Korporat.

Objektifnya adalah untuk menyantuni dan meringankan beban yang ditanggung oleh komuniti Langkawi yang terkesan akibat penularan pandemik COVID-19 yang telah melumpuhkan sektor pelancongan di Langkawi. Antara golongan komuniti Langkawi yang terkesan akibat penularan wabak ini ialah golongan yang bekerja sendiri seperti penggiat-penggiat industri pelancongan, pemandu teksi, perhotelan, pemandu pelancong, pengusaha homestay dan lain-lain yang terpaksa menghentikan operasi perkhidmatan mereka ekoran arahan PKP dan juga bagi mengekang

penularan wabak COVID-19.

Sumbangan ini dilaksanakan secara berkala iaitu secara mingguan bermula pada 6 Jun 2021 dengan nilai keseluruhan sebanyak RM30,000.00 yang akan melibatkan 12 persatuan di Langkawi. Sepanjang tempoh 2 minggu pertama Perintah Kawalan Pergerakan ini, sebanyak RM13,500.00 telah disalurkan kepada 5 pertubuhan antaranya adalah Persatuan Pemandu Pelancong Langkawi (LTGA), Persatuan Tuan Empunya Pemandu dan Kereta Sewa Langkawi, Persatuan Pengusaha Homestay Langkawi, Koperasi Pengusaha-pengusaha Kereta Sewa dan Pertubuhan Kebajikan Islam Malaysia (PERKIM) Cawangan Langkawi dengan pemantauan Polis Diraja Malaysia Langkawi (PDRM) dan Angkatan Pertahanan Awam (APM). Setakat ini, sumbangan ini dapat membantu seramai 270 pengusaha dari sektor pelancongan yang kehilangan pekerjaan secara tetap.

Pihak LADA sentiasa bersedia untuk menghulurkan bantuan dan menjalin kerjasama dengan mana-mana agensi/pertubuhan supaya komuniti Langkawi mendapat manfaat sewajarnya dan tidak dipinggirkan dalam situasi yang getir ini.

17th June, Langkawi – Langkawi Development Authority (LADA) had carried out the Food Essentials Contribution Programme for Langkawi community impacted by COVID-19 pandemic. Named as Bakul Prihatin ('Basket of Support'), this programme is part of LADA's Corporate Social Responsibility (CSR) towards the locals which is particularly implemented throughout the recently government-announced Movement Control Order (MCO) 3.0. The mission of contribution delivery was led by YBrs. Tuan Nasaruddin bin Abdul Muttalib, LADA's Chief Executive Officer and accompanied by YBrs. Tuan Rohaizad Rashid, Deputy Chief Executive Officer (Management) as well as a few officers from Corporate Services Unit.

The objectives of this programme are to support the locals and help relieve their burdens due to the COVID-19 outbreak that has severely crippled the island's once glorious tourism sector. Particularly hit hard are the self-working groups, which include tourism industry activists, taxi drivers, hotel employees, tourist guides, and homestay as well as business operators. These groups are obliged to cease their operations and services in compliance with the MCO SOPs and subsequently to help curb the spread of COVID-19 pandemic.

The initiative is carried out in weekly basis starting from 6th June 2021. A total contribution of RM 30,000.00 had and will be delivered to 12 organisations in Langkawi. During the first two (2) weeks of MCO 3.0, RM 13,500.00-worth daily necessities contribution had already been delivered to five (5) organisations, namely the Langkawi Tourist Guide Association (LTGA), Persatuan Tuan Empunya dan Pemandu Kereta Sewa Langkawi (Langkawi Rental Car Owners and Drivers Association), Langkawi Homestay Association, Koperasi Pengusaha-pengusaha Kereta Sewa (Rental Car Operators' Co-operative Society), and Islamic Welfare Association Malaysia (PERKIM) Langkawi Branch. The delivery was carried out under the supervision of The Royal Malaysia Police (PDRM) and The Malaysia Civil Defence Force (APM). Until now, the delivered contribution has managed to support about 270 tourism sector operators who have lost their permanent jobs.

LADA is always prepared to provide support and establish collaboration with any agencies or organisations for the benefit of Langkawi community, particularly during these tumultuous times.

LAWATAN KERJA

WORK VISIT

21 Mei, Langkawi – Ketua Pegawai Eksekutif LADA, YBrs. Tuan Nasaruddin bin Abdul Muttalib menyatakan komitmen beliau untuk memperkasakan pengurusan projek pembangunan agensi tersebut dengan memperkemarkan pelaksanaan dan pemantauan projek-projek yang bermasalah.

Tuan Nasaruddin menegaskan bahawa perkara ini perlu diberi keutamaan bagi mendapatkan semula keyakinan rakyat Langkawi terhadap LADA. Beliau berkata demikian ketika mengadakan lawatan kerja ke beberapa lokasi bagi memantau prestasi projek-projek di bawah pengurusan LADA.

Beliau berkata, LADA akan memberi tumpuan dan merangka perancangan khusus bagi menyegerakan pelaksanaan projek-projek tersebut. Antara isu yang telah dikenal pasti menjejaskan pelaksanaan projek ialah isu berkenaan pelantikan perunding, jadual pelaksanaan projek bersama pihak kontraktor dan tenaga kerja.

Turut hadir semasa sesi lawatan tersebut ialah beberapa orang pegawai kanan LADA.

Bahagian Kejuruteraan Teknikal telah dipertanggungjawabkan untuk menyediakan pelan strategi pengurusan projek yang komprehensif bagi memastikan setiap isu dapat diatasi segera. Hal ini penting supaya tempoh pelaksanaan projek tidak terganggu, sekali gus keupayaan penyampaian projek dapat ditingkatkan ke tahap yang lebih positif demi menjaga kepentingan awam.

21st May, Langkawi – LADA's Chief Executive Officer, YBrs. Tuan Nasaruddin bin Abdul Muttalib had expressed his commitment in reinforcing the agency's development project management by sprucing up the implementation and monitoring of problematic projects.

community's confidence towards LADA. Such was conveyed as the CEO conducted his work visits to a few locations to monitor the performance of projects under LADA's management.

Also present during the whole session were a few senior officers of LADA.

He further added that LADA will be focusing on and preparing a special plan to expediate the execution of these projects. Some of the identified issues affecting the projects' efficiency are related to matters such as consultant appointment, project implementation schedule with contractors, and manpower.

Technical Engineering Division has been assigned with the responsibility of preparing a comprehensive project management strategy plan to ensure each issue could be dealt with promptly. This is vital to prevent interference with each project's implementation period, therefore upgrading the potential of project delivery to a more positive level to safeguard public interests.

Tuan Nasaruddin also asserted that this matter must be given high priority to retrieve Langkawi

LAWATAN KETUA PEGAWAI EKSEKUTIF LADA KE PUSAT PEMBERIAN VAKSIN LANGKAWI

8 Jun 2021, Langkawi - Ketua Pegawai Eksekutif LADA telah mengadakan lawatan ke Pusat Pemberian Vaksin (PPV) di Kompleks Sukan LADA bagi meninjau perkembangan pemberian vaksin kepada penduduk Langkawi dan penambahbaikan fasiliti PPV KSL untuk keselesaan penerima vaksin.

LADA CHIEF EXECUTIVE OFFICER VISIT TO LANGKAWI VACCINATION CENTRE

8th June 2021, Langkawi - LADA Chief Executive Officer had conducted a visit to Vaccination Centre (PPV) at LADA Sports Complex (KSL) to monitor the progress of vaccination for Langkawi residents as well as KSL PPV facilities improvement for the comfort of vaccine receivers.

PENGHARGAAN KETUA PEGAWAI EKSEKUTIF LADA KEPADA PIHAK SWASTA & NGO DI PUSAT PEMBERIAN VAKSIN (PPV) LANGKAWI

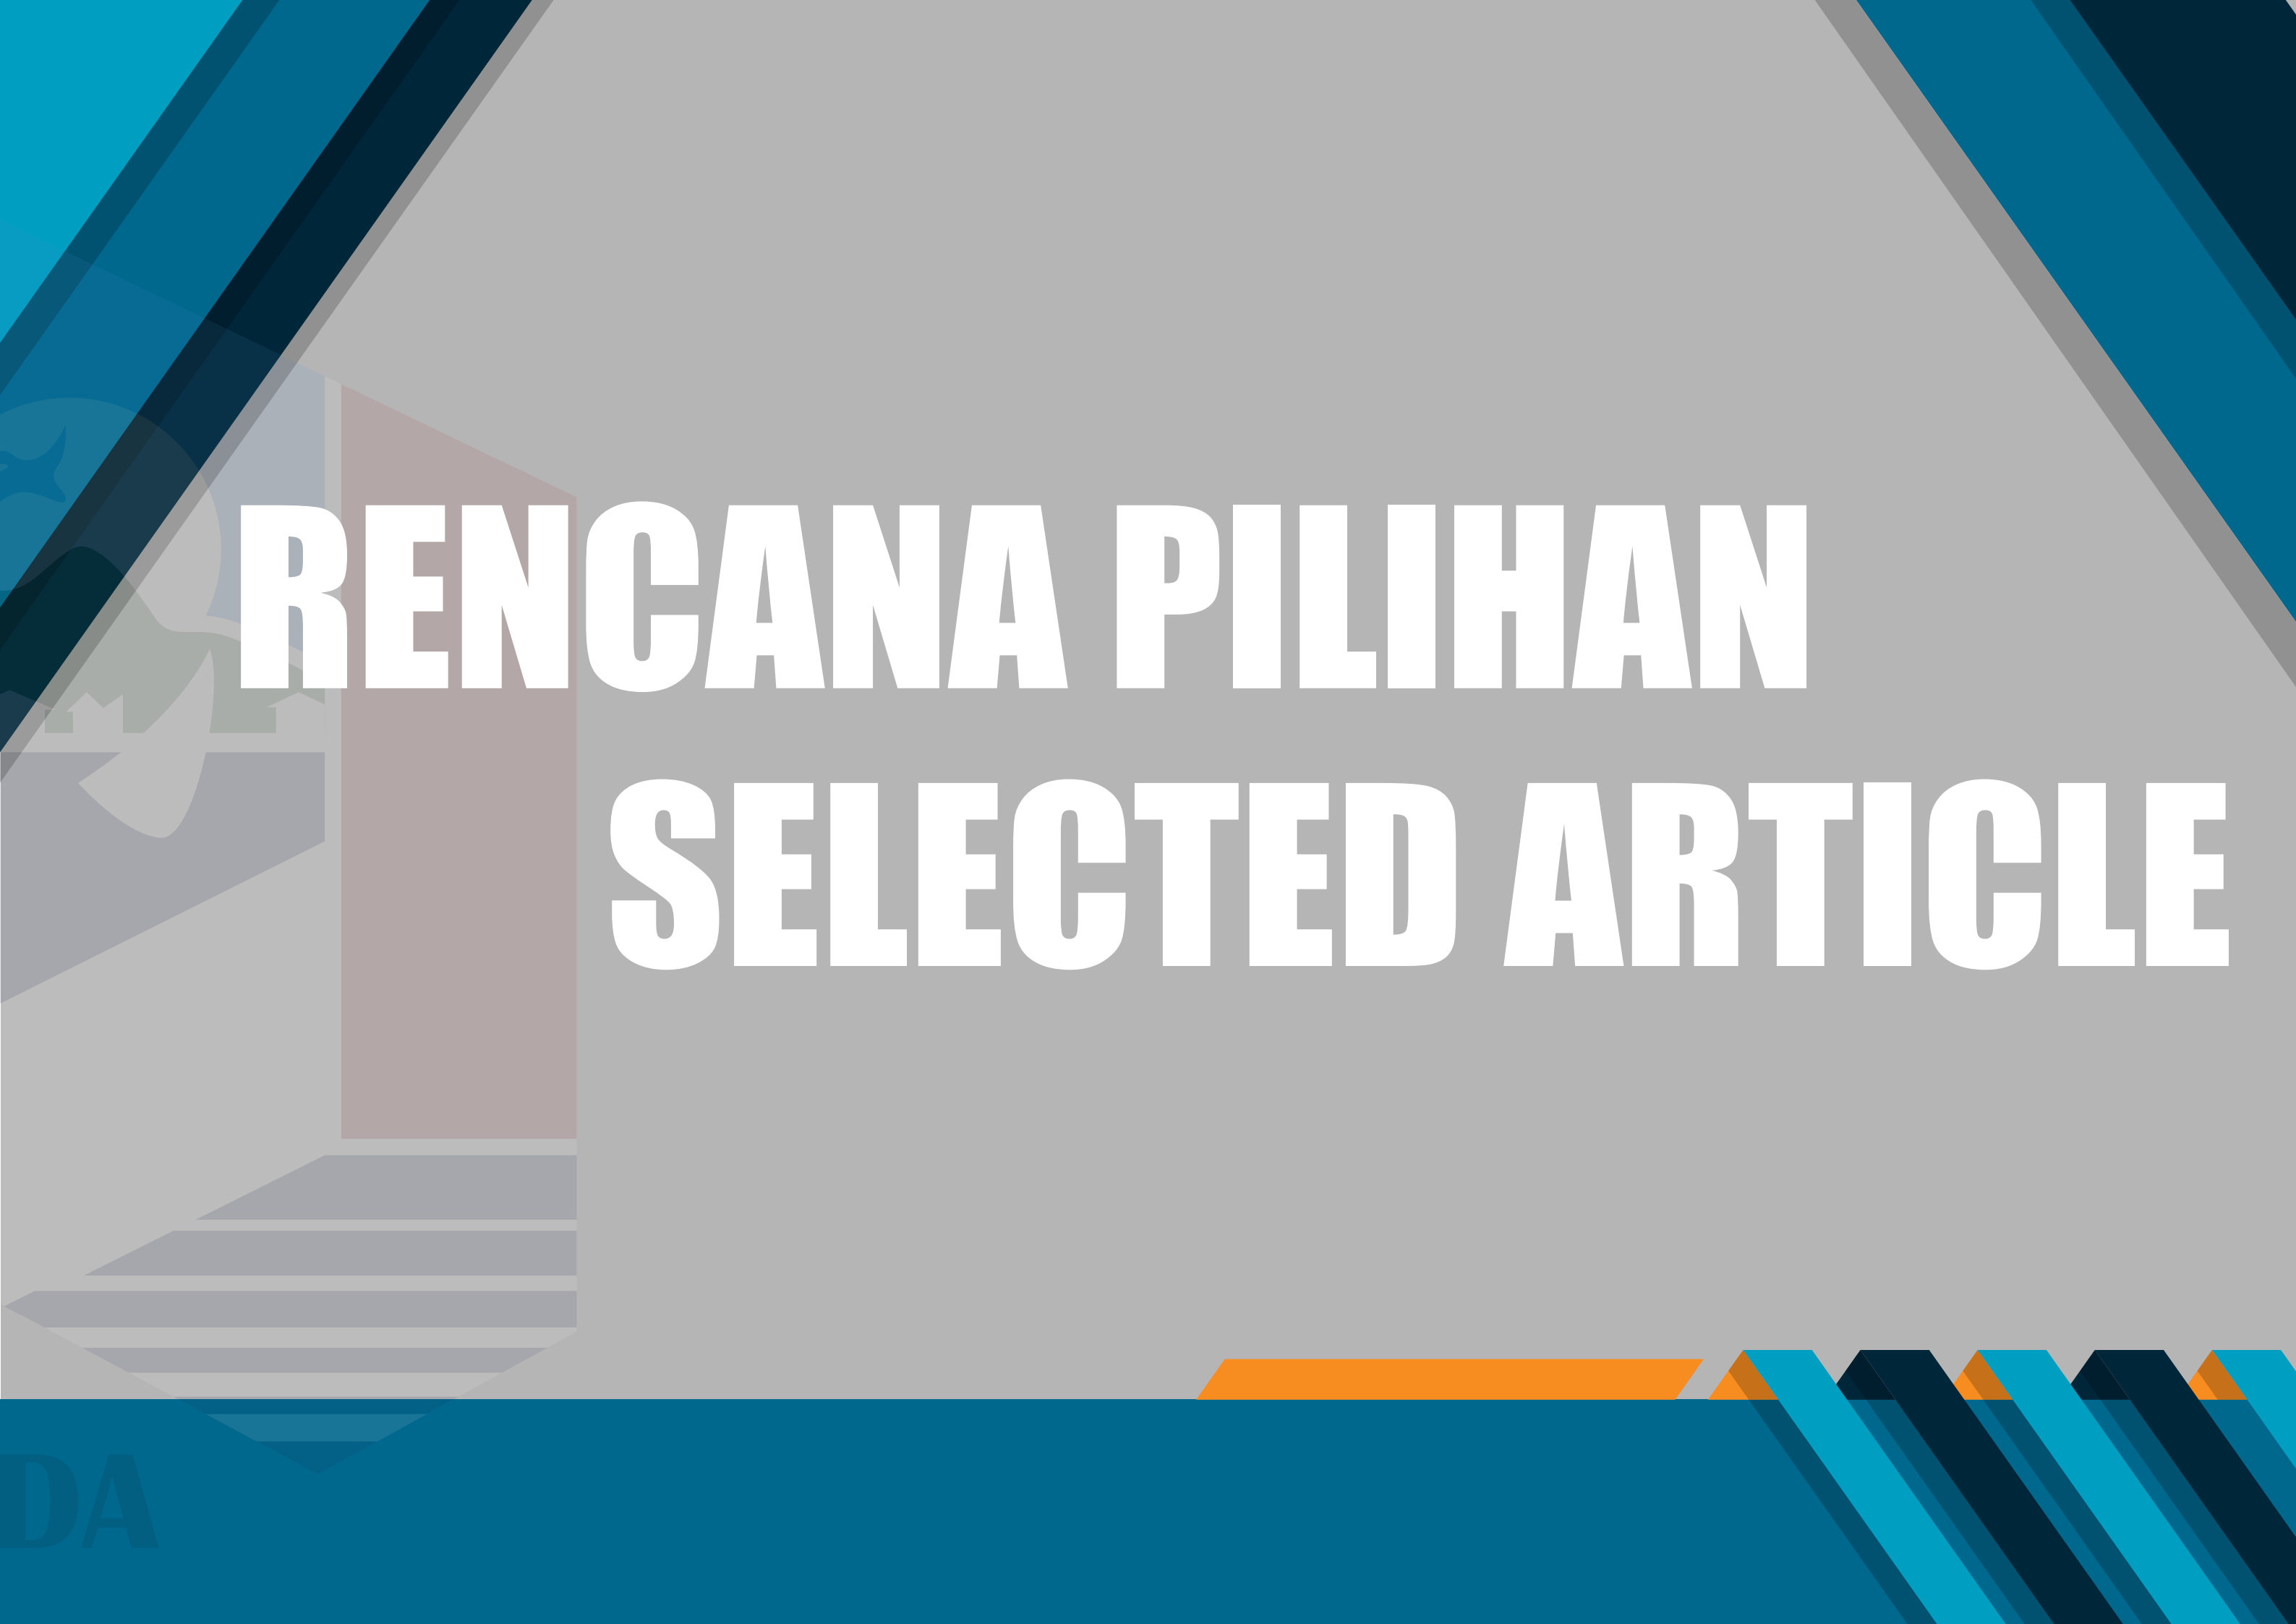

8 Jun, Langkawi – Ketua Pegawai Eksekutif LADA, Tuan Nasaruddin Abdul Mutalib telah menyampaikan ucapan penghargaan kepada pihak swasta dan NGO yang menyumbangkan bantuan makanan kepada petugas dan orang ramai pada hari ini bersamaan 7 Jun 2021. Sumbangan ini diberikan semasa berlangsungnya sesi suntikan vaksin di Pusat Pemberian Vaksin (PPV) Daerah Langkawi.

LADA CHIEF EXECUTIVE OFFICER APPRECIATION FOR PRIVATE COMPANIES & NGOS AT LANGKAWI VACCINATION CENTRE

8th June, Langkawi - LADA Chief Executive Officer, Tuan Nasaruddin Abdul Mutalib conveyed his appreciation to private companies and NGOs for their food contribution to frontliners and public during vaccination session at Langkawi District Vaccination Centre (PPV) today on 7th June 2021.

RENCANA PILIHAN

SELECTED ARTICLE

APA ITU IMUNITI KELOMPOK?

'Imuniti Kelompok' atau Herd Immunity berlaku apabila sebuah ejen infektif (atau jangkitan) tidak dapat memasuki atau disebarkan dalam kalangan sesuatu kelompok masyarakat kerana sebahagian besar daripada anggotanya mempunyai imuniti dan terlindung daripada penyebab jangkitan tersebut. Cara terbaik bagi mencapai imuniti kelompok adalah melalui vaksinasi setiap anggota sesebuah komuniti.

Penyakit berjangkit disebarkan secara langsung daripada seorang individu kepada individu lain. Apabila peratus penduduk yang telah diimunisasi adalah tinggi, maka penyakit-penyakit berjangkit sukar merebak kerana tidak ramai boleh dijangkiti. Sebagai contoh, seorang penghidap demam campak (measles) yang dikelilingi oleh mereka yang telah menerima vaksin cegahan demam tersebut tidak boleh menyebarkannya dengan mudah, justeru penularannya dapat dikekang. Imunisasi melalui vaksin juga akan memberi perlindungan kepada golongan yang berisiko tinggi untuk mendapat penyakit berjangkit, tetapi tidak sesuai diberi imunisasi seperti:

- i- Bayi yang baru lahir (terutama yang belum mencapai berat minimum dan mengalami masalah kesihatan).
- ii- Individu dengan sistem tubuh yang tidak berfungsi sepenuhnya, seperti pesakit yang telah dibuang kelenjar limpa (splenektomi).
- iii- Pesakit yang sedang menjalani kemoterapi.
- iv- Pesakit HIV atau AIDS.
- v- Orang tua dan pesakit kronik.

Seseorang individu yang mendapat penyakit cegahan vaksin seperti campak (measles), cacar air (chickenpox), difteria dan lain-lain boleh menyebarkan penyakit, terutamanya kepada mereka yang tidak mendapat imunisasi. Dalam

hal ini, kanak-kanak khususnya yang masih belum divaksin adalah golongan yang turut berisiko tinggi untuk dijangkiti penyakit-penyakit ini.

Demikian juga halnya dengan penyebaran wabak COVID-19. Sekiranya liputan imunisasi dalam negara Malaysia tidak mencapai tahap yang ditetapkan iaitu melebihi 95%, kebarangkalian penyebaran pelbagai virus termasuklah COVID-19 dalam komuniti di negara ini masih berada pada tahap yang tinggi.

Justeru, Kementerian Kesihatan Malaysia (KKM) menyeru seluruh rakyat negara ini untuk berganding bahu dalam meningkatkan tahap kesedaran tentang kepentingan imunisasi, membendung gejala penyebaran propaganda golongan antivaksin dan memastikan golongan kanak-kanak mendapat imunisasi yang lengkap. Perkara ini penting bagi memastikan imuniti kelompok di Malaysia khususnya bagi mencegah penyebaran wabak COVID-19 pada waktu ini dapat dibentuk. Kerjasama padu daripada pelbagai kementerian, agensi kerajaan dan bukan kerajaan (NGO), agensi swasta daripada pelbagai bidang, pertubuhan profesional dan pihak berkuasa adalah diperlukan bagi menjayakan Program Imunisasi Kebangsaan.

(27 Jun 2016)

WHAT IS 'HERD IMMUNITY'?

'Herd Immunity' is an achieved condition whereby an infective agent could not infiltrate or spread within a community since majority of the group is immunised and protected against the source of such infection. The best way to achieve herd immunity is by vaccinating each member of a particular community.

Infectious diseases are directly spread from an individual to another. When the percentage of immunised group is high, these diseases would not be able to spread easily since not many could be infected. For instance, a measles-infected person who is surrounded by those who have received vaccination against the virus could not easily transmit such disease, therefore its spread could be well contained. Immunisation via vaccines would also protect high-risk groups against these contagious diseases, who are also deemed not fit to receive immunisation. They include:

- i- Newborn babies (particularly those who have yet to attain minimum weight and are afflicted with health problems).
- ii- Individuals with body systems that could not fully function such as splenectomy patients (surgery to remove the entire spleen).
- iii- Patients undergoing chemotherapy.
- iv- HIV or AIDS patients.
- v- The elderly and chronic patients.

Individuals contracting vaccine-preventable diseases such as measles, chickenpox, and diphtheria could transmit the viruses especially to the non-immunised group. In this case, children specifically those who have yet to be vaccinated are greatly exposed to such dangerous infections.

The same situation applies with the COVID-19 pandemic. If the immunity coverage in Malaysia could not reach the ideal fixed figure of more than 95%, it is extremely likely that the spread of numerous viruses including COVID-19 in the country would continue at a high rate.

Therefore, the Malaysian Ministry of Health (MOH) calls for every citizen to work hand in hand in increasing awareness on the importance of immunisation, help curb the problematic spread of anti-vaxxers' propaganda, and ensure complete immunisation of children. This is imperative to achieve herd immunity in Malaysia, precisely during the current intense spread of COVID-19 pandemic. Solid collaborations between different ministries, government and non-governmental agencies, private agencies from various fields, professional societies, and the authorities are vital to make the National Immunisation Programme a great success.

MEDIA LENS

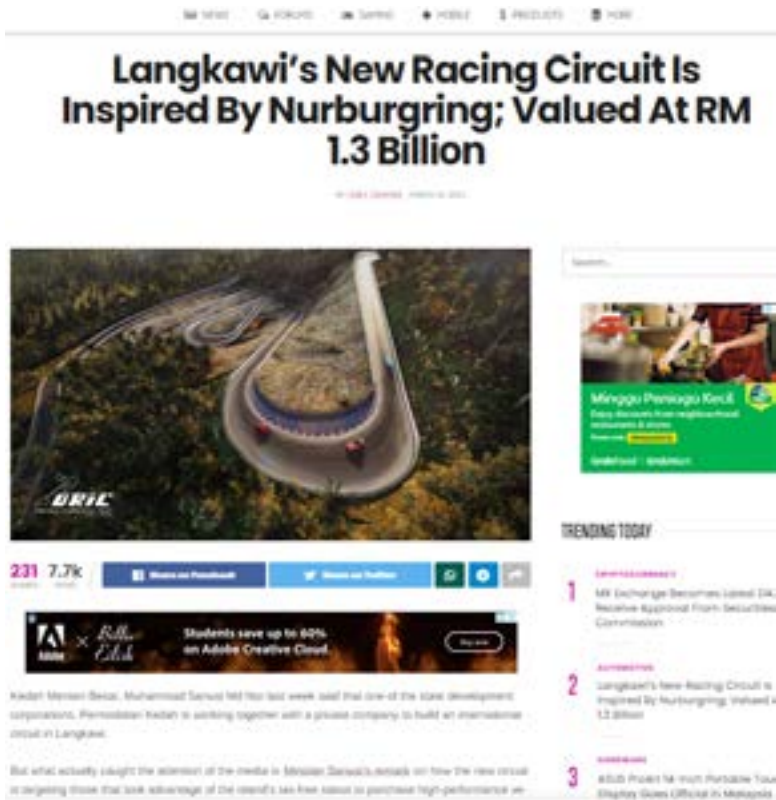

The background features a light gray central area. On the left, there is a faint, stylized illustration of a building with a tall, reddish-brown rectangular section and a series of gray steps leading up to it. The corners of the image are decorated with diagonal stripes in various shades of blue and teal. At the bottom, there is a solid dark blue horizontal band, and just above it, a series of overlapping, slanted rectangular shapes in orange, blue, and dark blue.
